To: Board of Directors
From: Tim Cordero, Fire Chief
Date: June 10, 2024
Subject: Amended Shared Service Agreement with Diamond Springs Fire

The Diamond Springs – El Dorado Fire Protection District and El Dorado County Fire Protection District entered into a shared services agreement in October 2022. Since the initial agreement, staff has identified areas to enhance our efficiency and service delivery model for the citizens in both districts. As a result, there have been several amendments to the original document.

The discussion of combining both districts into a single point of staffing has been a topic with the DSP ECF Working Group for a while, as a future goal. As both districts prepare to move into fire season, there is a definite benefit to utilizing a single point of staffing to improve our abilities to readily meet our staffing needs. Both districts are currently using Telestaff for staffing. The Diamond Springs personnel and resources are already being tracked within the County Fire system for visual accountability, but not for automated callback.

Both DSP Local 4972 and ECF Local 3556 have both voted to support a single staffing point, using the ECF Telestaff system and procedures. The command teams for both agencies also supports this change.

This change is another example and efficiencies gained, to further enhance our service to the communities we serve. Staff would recommend the Board approve the amendment to the Shared Services Agreement, as presented.

**MEMORANDUM OF UNDERSTANDING
BY AND BETWEEN
DIAMOND SPRINGS-EL DORADO FIRE PROTECTION DISTRICT
AND
EL DORADO COUNTY FIRE PROTECTION DISTRICT**

RECIPROCAL FIRE PROTECTION AND ADMINISTRATIVE SERVICES

This Memorandum of Understanding (“MOU”) is made and entered into this _____ day of _____ 2023, by and between the Diamond Springs-El Dorado Fire Protection District (“DSFPD”), an independent fire district, and the El Dorado County Fire Protection District (“EDFPD”), an independent fire district, (individually a “Party” and collectively the “Parties.”)

**I.
RECITALS**

WHEREAS, both DSFPD and EDFPD are charged with providing all aspects of fire services delivery including fire suppression, emergency medical services (“EMS”), fire prevention, and emergency/disaster management as provided for in the California Health and Safety Code §13862 and Government Code Chapter 7, within their respective boundaries;

WHEREAS, due to their close proximity and similar fire service delivery elements, the Parties desire to share staffing as needed to fill vacancies and promote efficient utilization of resources within their respective geographical areas of service;

WHEREAS, the Parties desire to create process and procedures for joint provision of organizational direction and control, supervision of operation, training, fire prevention, administration, fiscal management, and disaster management;

WHEREAS, the employees of a Party shall at all times remain employees of their respective jurisdiction regardless of the activities they are engaged in and no express or implied employment contract exists between either Party and the employees of the other Party as a result of this Agreement;

WHEREAS, this Agreement provides the Parties with a cost-effective option to their current staffing needs; and

WHEREAS, DSFPD and EDFPD jointly desire to enter into a contractual arrangement that will provide a basis for increased and ongoing cooperation between the Parties in the provision of fire protection, fire prevention, and emergency medical services.

NOW, THEREFORE, pursuant to the authority granted by Government Code sections 6502 and 55632 and Health & Safety Code section 13050, and in consideration of the mutual promises and obligations as set forth herein, the Parties agree that this MOU between the Parties is hereby established as follows:

II.
TERMS AND CONDITIONS

A. JOINT USE OF PERSONNEL

1. Upon request of a Party (the “Requesting Party”), the responding Party (“Responding Party”) may assign fire suppression employees, including firefighters, engineers, captains, supervising officers, and administrative staff, including the Fire Marshall (currently employed by EDFPD), and/or equipment to incidents as may occur, in the same manner as if the station and equipment were staffed by the Requesting Party’s personnel. During times when personnel are assigned, they shall be under the control and direction of the requesting Party.
2. At the discretion of the Fire Chief of either Party, apparatus may be assigned to Strike Teams as requested. At no time will staffing within the respective Parties’ jurisdictions be compromised for Strike Team assignments. Strike Team engines may include co-staffing from the Parties.
3. A Requesting Party shall be responsible for reimbursing the Responding Party for the cost of loaned personnel, including without limitation wages, benefits, workers’ compensation insurance, and employer taxes. The Responding Party shall provide the Requesting Party with periodic requests for payment accounting for all costs associated with the assignment of its personnel. A final invoice must be submitted to the Requesting Party for the final payment within sixty (60) days following the termination of the use of those personnel. The Requesting Party shall make payment to the Responding Party within thirty (30) days of receipt of the request for payment.
4. The procedure for filling open shifts in accordance with this MOU is set forth below:

Both parties agree to utilize the County Fire Telestaff program for filling vacancies within both Districts. Staffing is agreed to be under the current procedures within County Fire, including Mandatory Overtime Assignments and shift trades. Personnel from both Districts will have equal opportunities for filling vacancies without any preference to their home agency. DSP personnel working on an ambulance will be eligible to receive an ambulance stipend paid at the EDCPFA contract rate.

B. AREAS OF COOPERATION

1. The Parties may adopt other policies or protocols or enter into separate contracts or sub-agreements in the furtherance of the intent of this MOU. Such policies or protocols, or contracts or sub-agreements, shall not be detrimental to this MOU or either Party and may include, but need not be limited to, items regarding public and firefighter safety, training, fire prevention, public education, equipment

standardization, joint use of facilities, or equipment or provision or cost sharing of operations, administrative or management services or other administrative or support staff.

Subject: First Responder Fee CPI adjustment

The current First Responder Fee Ordinance #2022-01, includes the following provision pertaining to fee rate and adjustment:

“4. The First Responder Fee shall be annually adjusted to reflect inflation. Beginning July 1, 2023 and each July 1 thereafter, the current First Responder Fee shall be increased by the percentage of change in the Consumer Price Index (CPI), All Urban Consumers, Not Seasonally Adjusted, as published by the U.S. Department of Labor, Bureau of Labor Statistics for the twelve (12) month period ending May 31 of the year in which the First Responder Fee is being adjusted.”

The current CPI adjustment is 3.3% per the Bureau of Labor Statistics website. Currently our first responder fee is \$294.09, the increase of 3.3% would add \$9.70, bringing the new rate to \$303.79.

Staff would recommend the Board approve the CPI adjustment and rate increase, bringing our first responder rate to \$303.79, effective as soon as administratively possible after July 1, 2024.

CONSUMER PRICE INDEX – MAY 2024

(NOTE: This news release was reissued on June 12, 2024, to correct an error in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) paragraph of the news release. The release incorrectly stated that the 1-month percent change decreased 0.1 percent prior to seasonal adjustment. The CPI-W increased 0.1 percent prior to seasonal adjustment.)

The Consumer Price Index for All Urban Consumers (CPI-U) was unchanged in May on a seasonally adjusted basis, after rising 0.3 percent in April, the U.S. Bureau of Labor Statistics reported today. Over the last 12 months, the all items index increased 3.3 percent before seasonal adjustment.

More than offsetting a decline in gasoline, the index for shelter rose in May, up 0.4 percent for the fourth consecutive month. The index for food increased 0.1 percent in May. The food away from home index rose 0.4 percent over the month, while the food at home index was unchanged. The energy index fell 2.0 percent over the month, led by a 3.6-percent decrease in the gasoline index.

The index for all items less food and energy rose 0.2 percent in May, after rising 0.3 percent the preceding month. Indexes which increased in May include shelter, medical care, used cars and trucks, and education. The indexes for airline fares, new vehicles, communication, recreation, and apparel were among those that decreased over the month.

The all items index rose 3.3 percent for the 12 months ending May, a smaller increase than the 3.4-percent increase for the 12 months ending April. The all items less food and energy index rose 3.4 percent over the last 12 months. The energy index increased 3.7 percent for the 12 months ending May. The food index increased 2.1 percent over the last year.

Subject: 2024/2025 Fiscal Year Appropriation Limits

The fire district is required to adopt by Resolution an annual financial spending limitation for the upcoming fiscal year, referred to as Appropriation Limits. See attached, 2024-2025 Proposition 4 Appropriation Limitation Memorandum from Andre Saich, Principal Financial Analyst.

Appropriation Limits are placed on the amount of proceeds of taxes that the State and local agencies can appropriate and spend each year. The limit is different for every agency and changes each year.

Fiscal year's 2023-2024 appropriation Limit was \$24,458,707.96 and our budget was \$14,577,968.00.

The fiscal year 2024-2025 Appropriation Limit is \$25,407,705.83 which is well below our preliminary budget of \$15,725,208.00.

Staff recommends that the Board of Directors approve and adopt Resolution 2024-02, Appropriation Limitations.

Subject: 2024-2025 Proposition 4 - Appropriations Limitation

Your district needs to calculate and adopt the new tax spending limit for FY 2024-25 in accordance with the provisions of the spending limitation legislation implementing Proposition 4 (the 1979 Gann Spending Limit Initiative). Government Code Section 7910 requires that: "... the governing body of each local jurisdiction to establish appropriation limits by resolution for the following fiscal year at a regular or special meeting."

The district's new limit for the 2024-2025 year will be calculated on the basis of the prior year's limit increased by a growth factor. The growth factor results from combining the change in Per Capita Personal Income and the change in population for your district (as certified by the State's Department of Finance) or the change reported for "unincorporated areas" for our County.

The change in the "cost of living" factor (Per Capita Personal Income) has been reported to be 3.62% and reported change in population in the County's unincorporated areas to be an increase of .25%. Therefore, the ratio of change to be applied to last year's limit is:

$$1.0362 \quad (X) \quad 1.0025 \quad = \quad 1.0388$$

Attached is a sample format for the required "NOTICE OF PUBLIC HEARING" and a sample resolution (which includes the calculation formula).

Utilizing the new amount the 2024-2025 fiscal year appropriation limits would be computed as follows:

- Division 5 – Paul Gilchrest

The Board of Directors may choose to participate in the Consolidated Districts Election on Tuesday, November 5, 2024, during the General Election.

Participation in the Consolidated Districts Election on November 5, 2024, eliminates the need for the district to hold our own special election and allows for cost sharing between other districts that also have pending elections. If the Board of Directors were to choose to forego participating in the Consolidated Districts Election and hold a special election for the above-mentioned board seats, the cost of said election would be the responsibility of the fire district.

Staff Recommends the Board of Directors approve Resolution No. 2024-03 allowing the district to participate in the Consolidated Districts Election on Tuesday, November 5, 2024.

ATTN: Tim Cordero, Fire Chief
RE: Fee Waiver Request Support for the Emergency Resource Center

Dear Chief Cordero and Board Members:

The Food Bank of El Dorado County is in the process of applying for a fee waiver to the El Dorado County Building and Planning Department regarding the construction costs of the "Emergency Resource Center" facility, located at 4550 Business Drive in Cameron Park.

The Food Bank is in the process of constructing a large facility adjacent to the existing building. The facility is designed to not only warehouse and distribute emergency food, but to prepare El Dorado County residents for imminent climate disasters such as wildfire, excessive precipitation, mudslides, high winds, and others. The facility will provide services to all El Dorado County residents, including those in rural and remote areas. The ERC is a part of the new El Dorado County Hazard Mitigation Plan, and will work in contract with The El Dorado County Sheriff's Office of Emergency Services to procure, store, and distribute all in-kind donations in case of disaster.

The centrally-located ERC facility will primarily serve as a preparation and storage facility for emergency food and supplies, but will also be used in times of inactivation by the community for classes and event space. The Shingle Springs Band of Miwok Indians Tribal Fire Department will assist the ERC with emergency residential safety dispatch in rural and remote areas during times of disaster activation. The facility will also have a mobile dispatch unit which can distribute emergency food, supplies, and prepared emergency meals to anyone in the county during disasters.

El Dorado County

The facility will not only help those less fortunate, but the entire population of El Dorado County. ERC services will provide equal support and access to resources for all residents, and to ensure no community will be left behind moving forward.

We ask you to consider the needs of our community in waiving the fees associated with this important project. We truly appreciate your time, deliberation, and support. Please let us know if you have any questions to follow.

Sincerely,
